

Curving Foot

Item No: M0-36034 (BLE8-CVF)

Available for:

BLETS8, BLETS8AE, BLES8,
BLE8W-2, BLE8W, BLE8,
BLE8-2, BLE5, BLE5-2,
BLE5-3

1. Since this curving foot is short and has a flat sole, it is good for stitching curves and sewing over cross seams.
2. The curving foot's short size is also good for sewing around cuffs, necklines and children's wear using the cover stitches.
3. Its tape slot is wide enough for attaching reinforcement tape, such as twill tape at the shoulder seams, using very little effort.

Notes: This curving foot does not work with using the differential feed while sewing.

Also this foot will not produce chain-off using the chain stitch.
